1. LEGAL OBJECTS

1.1. Objective

The principal objective of the Carlisle Diocesan Board of Finance (Carlisle DBF) is to promote and assist the work, objectives and purposes of the Church of England for the advancement of the Christian religion in the Diocese of Carlisle and elsewhere by acting as the financial executive of the Diocese.

Carlisle DBF acts in conjunction with the Church Commissioners, Archbishops' Council, Bishop's Council, Diocesan and Deanery Synods and Parochial Church Councils to support the work of the Church of England particularly in the Diocese of Carlisle. The major part of Carlisle DBF's activity is to organise and provide funds for the training, housing and stipends of clergy and other ministers within the Diocese of Carlisle and to support the activities of the other Boards, Councils and Committees of the Diocesan Synod.

1.2. Statutory Functions

- Carlisle DBF has responsibility for the management of glebe property and investments to generate income to support the cost of stipends.
- It is the Diocesan Authority for parochial and other trusts and incorporates the functions and responsibilities of the Diocesan Parsonages Board.
- Carlisle DBF is custodian trustee in relation to PCC property (see section 7).

CARLISLE DIOCESAN BOARD OF FINANCE LIMITED

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

- The Trustees are aware of the Charity Commission's guidance on public benefit in "The Advancement of Religion for the Public Benefit" and have had regard to it in their administration of Carlisle DBF. The Trustees believe that, by promoting the work of the Church of England in the Diocese of Carlisle, it helps to promote the whole mission of the Church (pastoral, evangelistic, social and ecumenical) more effectively, both in the Diocese as a whole and in its individual parishes, and that in doing so it provides a benefit to the public by:
 - providing facilities for public worship, pastoral care and spiritual, moral and intellectual development, both for its members and for anyone who wishes to benefit from what the Church offers; and
 - promoting Christian values, and services by members of the Church in and to their communities, to the benefit of individuals and society as a whole.

2. STRATEGIC AIMS

Carlisle DBF's strategy for achieving its objectives is to maintain the sound financial structure needed to enable it to continue supporting the clergy through the payment of stipends, managing parsonages and other ministerial housing and also by providing other facilities and resources in support of the ministry of both clergy and lay people in parishes across the Diocese. Since 2015 Carlisle DBF has sought to allocate its resources in the most effective way to support the strategy "God for All" which is shared by Carlisle Diocese and the Cumbrian Methodist, United Reformed and Salvation Army churches. Since 2019 the strategy has been 'refreshed' for the coming years through a process of listening and consulting, providing new strategic focus in the coming years.

In terms of resourcing, the strategy requires the DBF to invest in lay and ordained ministry development, including pioneer ministers; support the mission and organisational structure of some 35 Mission Communities across the Diocese; support the creation of "Fresh Expressions of Church" such as Network Youth Churches; and oversee subsidiaries in support of the Mission of the Church, including a Retreat House and Conference Centre at Rydal Hall and local community Resource and Recycling retail centres through "Restore (Cumbria)", as far as may be financially viable.

The Trustees have referred to the guidance contained in the Charity Commission's general guidance on public benefit in reviewing the charitable company's aims and objectives and in planning future activities. In particular, the Trustees consider the planned activities will contribute to the aims and objectives they have set. The Trustees confirm that public benefit has been provided by the advancement of its objectives

3. ACTIVITIES

The key activities may be summarised as:

- Mission and ministry in the local church (includes all clergy training, housing, stipends and pension costs and all other expenditure supporting locally-based ministry);
- Education funding (includes support services and capital expenditure support for schools); and
- Provision of a Diocesan Retreat House and Conference Centre;
- Contributions to the Archbishops' Council (mainly by grant) to support the National Church.

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

4. OBJECTIVES FOR THE YEAR

As part of Carlisle DBF's overall strategy, and subject to Annual Review, the Trustees have set the following specific objectives for the current and following years:

- Taking account of Covid 19 related factors, to maximise the return from Diocesan asset holdings to support costs of Diocesan Mission and Ministry while retaining the policy of balanced budgets for 2022 and onwards.
- To minimise increases in income needed from parishes in order to allow funds to be spent on mission activity locally;
- To resource Diocesan needs, as determined by Synod and informed by local and National Church institutions.
- To invest in local ministry including greater emphasis on learning and development for lay, as well as ordained, ministers.

5. STRATEGIC REPORT

5.1. Activities in the year

5.1.1. Specific Activities

The activities of the Diocese in 2021 continued to be fundamentally affected by the Covid 19 pandemic, with its associated and major restrictions upon normal operational effectiveness. This did not, however, prevent a thorough review of the progress of the 2015-2020 ecumenical "God For All" strategy, and its successor "Vision Refresh", adopted by Diocesan Synod in March 2021.

Specific activities in support of this strategy included:

- Full reimbursement to the Church Commissioners for the direct employment costs of stipendiary clergy, together with the DBF's share of the training costs for Ordinands and curates. The DBF also funded the provision of housing for all stipendiary and house for duty clergy;
- Funding the continued growth in outreach and evangelism throughout the Diocese as a key element of God for All (see above), including further support for the creation and growth of Fresh Expressions of Church, innovative digital outreach and other initiatives.
- Learning and ministry development work to support clergy and laity, previously provided by Cumbria Christian Learning (CCL), but now by a combination of Diocesan staff, our own newly established Northern Mission Centre, and from September 2021 by the newly established "Emmanuel Training College" for ordination and reader training, serving Dioceses in North West England.
- A focus upon embedding Stewardship principles to increase awareness within Mission Communities of the mutual inter-dependence of them and their individual Parishes with the Diocese's ability to provide necessary and appropriate Ministerial Resource and Support Services, the larger part of which continues to be funded through an efficiently structured system of "Parish Offer".
- Continued monitoring by the Investment Sub-Committee, reporting to the Finance Committee, of the mix and performance of the Diocese's investment portfolio and its professional advisors, to ensure an appropriately prudent balance of risk and reward generation associated with each class of asset.

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

5.1.2. Grant-making (Beneficiary-selection) Policy

Grants are made to the National Church to cover a proportion of its central costs (see Note 11 to the financial statements). Grants are paid to parishes and to retired clergy and to other charitable projects which appear to the Trustees to support the furtherance of Carlisle DBF's objects (see Note 14 to the financial statements).

5.1.3. Programme Related Investments

Loans are made to parishes in the Diocese at a preferential rate of interest, to enable them to undertake projects which further the objects of Carlisle DBF including improving and maintaining their buildings (see note 25 to the financial statements).

5.1.4. Volunteers

The Trustees recognise and are grateful for the enormous contribution that volunteers throughout the Diocese give of their time for the work of the Diocese in many different ways. Retired clergy also give freely of their time. Churchwardens, Parochial Church Council Treasurers, Secretaries and Safeguarding Officers continue to enable the local church to provide mission and ministry to local communities across Cumbria. The success of the ongoing God for All project continues to be conditional upon a substantial growth in self-supporting (volunteer) lay and ordained ministry in the future, with stipendiary clergy roles being increasingly to discern, equip and support those ministers.

5.2. Achievements against objectivities

5.2.1. Achievements in 2021

The budget for 2021, approved by Diocesan Synod in October 2020, assumed that income from parish offers would decrease from 2020 receipts, and after planned cost adjustments, a deficit of £55k could be expected, which would be corrected where possible during the year and subject to continuing effects of Covid 19 related circumstances. This was to be a one year interim budget, allowing a new 5 year plan to be created once clearer indications of post Covid 19 operating conditions could be seen.

In the event, and due to prompt remedial action by the DBF, endorsed by Bishop's Council, the reduction in Parish Offer of some 6% compared to 2020 was more than offset by

- The deferment of non-essential property-related capital projects and some training and project activities
- Delayed clergy appointments
- Reduced net administrative costs due to enforced home working and use of video-conferencing
- The benefit, where sensibly applied, of some minor use of HM Government Furlough schemes

As a result, a surplus of income over expenditure in the general fund of some £125,000 was achieved. The Board of Finance designated these funds towards meeting the future financial pressures we expect to face as we seek a sustainable model for resourcing ministry.

Given the continued severity and impact of the pandemic across the Church and communities in Cumbria through 2021, this is considered to be a very satisfactory financial achievement. The hard work, patience, imagination and commitment of so many people, particularly in our local churches, is greatly appreciated by the Trustees.

CARLISLE DIOCESAN BOARD OF FINANCE LIMITED

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

Rydal Hall was able to recommence operations intermittently during the year. The financial outturn was a surplus of £449k after employment support Furlough scheme receipts and appropriate cost reductions. Additional working capital to cover 2020 losses and continuing Covid related restrictions in 2021, was met by a Grant of £300k from DBF funds in Quarter One 2021 and a grant of £148k from the Lottery Heritage Fund was successfully applied for.

The financial impact of the Covid 19 pandemic will continue to be felt in our churches and the Diocese through 2022 and most likely for some years to come. A balanced budget for 2022 has been set, based on the expectation that parish offer will remain level in cash terms, investment income will grow slightly, and inflationary pressure will be absorbed by cost savings and some minor reductions in project spend.

The Trustees continue to rigorously pursue a programme of rationalisation of its property portfolio, to maximise returns from re-invested capital in support of the costs of the Diocese's Mission and Ministry.

The Trustees fully recognise the challenges faced by parishes to maintain their parish offer giving, and are very aware of, and thankful for, the sacrificial giving throughout the Diocese that makes that possible.

5.2.2. Operational Performance

The operational performance of Carlisle DBF in 2021 helped to achieve most of the strategic aims set out above. Expenditure on local clergy (primarily stipends, pension and housing), chaplains and Network Youth Church leaders accounted for 74% of the total group expenditure from general funds. Total expenditure on resourcing ministry and mission amounted to £7,182,000. Together with expenditure on education and the Diocesan retreat house at Rydal, the expenditure on charitable activities accounted for 97% of total expenditure.

2021 saw further progress in the plan to establish new patterns of ministry in Ecumenical Mission Communities. The associated reduction in the number of stipendiary clergy (with an increase in self-supporting ministry) is helping to align the cost of local ministry with the Diocese's income. However, the 2021 end year position remained close to the planned long term clergy numbers, so there is limited scope for further cost saving to offset any further falls in income. Some maintenance and improvement of clergy property was achieved to address Covid restricted arrears and this continues to be the case into 2022.

The DBF applied successfully in 2019 to the Church Commissioners for 'Strategic Development' Funding, in support of the five year 'Reaching Deeper' project, to enable investment in new pioneering mission work across the Diocese. Although some of the recruitment had to be postponed until 2021, the project was able to build during 2021 with all posts filled during the early months of 2021 and the pioneer ministry was able to commence in all of its planned areas.

2021 has been a year of recovery and rediscovery for the team that supports God for All and Reaching Deeper. In addition to responding to the ongoing impact of the pandemic, four team members left and six new people joined as the transition to new structures continued. In spite of these changes the team continued to implement its work programme with welcome results:

- the largest number of deacons were ordained for the diocese in for many years - 14. There was also a large cohort entering either reader or ordinand training consisting of 6 ordinands and 4 readers.

CARLISLE DIOCESAN BOARD OF FINANCE LIMITED

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

- the Reaching Deeper programme saw 14 new expressions of church and mission emerge which have directly touched the lives of nearly 450 people.
- the Northern Mission Centre provided training and support to 388 people across the North of England.
- our Christmas campaign, 'He came down: a special needs nativity', reached 161,700 individuals via radio campaigns across Cumbria and 77,503 individuals via Facebook.
- two cohorts of Mission Community leaders (totalling 43 leaders) were supported through or started a leadership development programme
- a Network Youth Church project, Ablaze, held a summer event for over 200 young people in the Brough area.
- by the end of 2021, Network Youth Church was connecting with 1611 young people across the county. In spite of the pandemic, this number is the same as that at the start of 2019, and almost the level seen at the start of 2020.

Spending on Learning and Development activities was £547,000. This included providing funding for Cumbria Christian Learning (and then Emmanuel Training College) in support of ordination and reader training, contributing £298,000 towards the national costs of ordination training, implementing the Diocesan Vocations Strategy, training stipendiary and non-stipendiary curates, lay ministry development, and a leadership development programme in Mission Communities. In 2021 further work was undertaken in partnership with the Church Mission Society to grow the Northern Mission Centre, to develop new approaches to training that will enable local clergy and their church congregations to be more effective in mission and outreach to their local communities.

£1,000 in donations and collections from parishes and £53,000 investment income were added to the Diocesan Growth Fund. Out of this, grants were paid to parishes and deaneries totalling £16,000. The balance on the Growth Fund, which is available to support the establishment of network youth church congregations and help parishes and deaneries initiate new work designed to achieve church growth, stood at £2,196,000 at 31st December 2021.

The Board for Education spent £285,000 to support education in Cumbria with its support for Church schools. The Good Shepherd Multi Academy Trust, which aims to support the provision of excellent education within a caring and Christian ethos in academies in Cumbria remains of strategic importance as the debate over the academisation of schools continues. It currently includes nine schools. A debt of gratitude is owed to the diocesan education team, school heads, teachers and support staff for supporting their students so well through these exceptionally difficult few years as covid 19 impacted on all aspects of school life.

"Restore (Cumbria)", our wholly owned but independently governed subsidiary company, continued to implement its business plan, designed to achieve a more secure and sustainable long-term future, providing community support, recycling and re-use services, and Christian ministry in partnership with local churches in Carlisle and Penrith, although its normal trading operations were again severely disrupted during the year due to Covid 19 related restrictions. The company reported a deficit of £54,000 for the year after the benefit of Government Covid relief financial support and other externally generated Grant funding. This major Outreach initiative continues to benefit from the hard work of many volunteers.

2021 saw a further modest decrease of £12,000 of income from the Archbishops' Council's Lowest Income Communities Funding. An additional £274,000 was received in 2021 from the Archbishops' Council, being claims for second year of 'SDF' grants in relation to the 'Reaching Deeper' project.

CARLISLE DIOCESAN BOARD OF FINANCE LIMITED

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

The statutory fees for occasional offices conducted by the Church increased by £62,000 after the fall experienced in 2020, when many weddings and funerals were impacted by covid 19. Rents received from letting parsonages during vacancies remained strong at £391,000 as a result of the Diocese's active approach to renting out properties wherever possible, whilst also pursuing a policy of disposal where future need to retain them is not justified and re-investment returns are potentially better. Overall total charity income decreased by 2.0%.

Rydal Hall Ltd is the wholly-owned subsidiary company of Carlisle DBF operating the Diocesan Conference Centre and Retreat House in South Lakeland. After charges for £60k rent and £8k accounting and HR services, and the benefits of the £300,000 grant from the Diocese and £148,000 from the Lottery Heritage Fund, as well as £138,000 in Covid related HM Government support grants, the net surplus for the year was £449,000. With the balance sheet restored to a net asset position, and the ending of Covid related restrictions, the Board is confident that the results of improved marketing, and management will see a speedy return to operating stability in 2022.

The DBF again supported the Churches Trust for Cumbria through a grant of £22,000, to enable their work to provide external support for the care, conservation and development of church buildings across Cumbria.

5.2.3. Investment Performance

Investments are held in both restricted and unrestricted funds, managed by CCLA. Performance in 2021 was good, with the price of the CBF Investment Fund shares increasing by 14.3%, (2020 increase 6.9%), and the CBF Property Fund shares also increased by 14.3% (2020 decrease of 5%). Total unrealised gains on investments for the year were £4,085,000, (2020 £1,088,000). These gains are notional – they do not alter the number of shares held hence the future income streams for which these shares are held, are unaffected directly by both increases and falls. The two hydroelectric plants within Cumbria in which the DBF has invested continued to perform well in 2021, despite seasonal variations, and they will both provide a strong, long-term income stream for many years to come.

The Bank of England's Base Rate remained at 0.1% through 2021, with the low CBF Deposit Fund rate resulting in negligible interest income during the year.

Dividends received from the CBF Property Fund and Investment Fund were 6.51p and 59.99p per share respectively in the year, and the declared yields were 4.40% and 2.56% based on the year-end valuations. The total income from CBF Fund dividends for the year rose to £753,000 (2020 £709,000), and investment of receipts from property sale proceeds, deferred in favour of retaining liquidity until the effects of Covid 19 upon Parish Offer receipts and other factors became clearer, was prudently resumed.

Efforts continued to obtain planning consent for residential development on low yielding agricultural land holdings on the edge of settlements. A number of such developments have come to market in the year. All sale proceeds from these during 2021 have been invested to generate a sustainable long-term revenue stream to fund the work of the Diocese in the future.

The total return on investment – net receipts and valuation gains on investments as a percentage of the investment valuations at year-end, was 11.4% (2020 5.9%). Average yield (net receipts as a percentage of the investment valuations at year-end) was 2.6% (2020 3.2%).

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

5.2.4. External Factors Affecting Performance

There are a number of external factors continuing to affect the performance of Carlisle DBF. The fall over time (in both cash and real terms) in the offers (pre Covid related factors) made to Carlisle DBF from parishes is evidence of lower incomes in the parishes, reflecting a decline in church membership and the burden of local costs such as church repairs and energy bills. The effects of Covid and the enforced operational closure of Churches saw a further reduction in this essential main Diocesan income source, which has as yet not recovered despite the re-commencement of normal patterns of traditional worship. This has emphasised the continuing downwards trend away from time-honoured Church, albeit replaced to some extent by new forms of pioneering outreach (and less cash generative) ministry.

The difficulty in filling vacancies in clergy posts has continued during the year and the Northern Province of the Church of England is reportedly not seen to be attractive to potential applicants. Although this reduces financial pressure in the short term, it represents an operational concern as the leadership and pastoral work of clergy is key in recruiting and developing self-supporting lay and ordained ministry and helping the local church to continue to evolve.

5.3. Financial Review

5.3.1. Review of the Financial Position

The Consolidated Statement of Financial Activities (SOFA) for the year shows net incoming resources of £785,000 (2020 £905,000) before net gains on investments and other recognised gains and losses.

After revaluation adjustments, the net increase in funds amounted to £4,905,000, (2020: £1,970,000). Total fund balances are now £86,105,000, of which £81,058,000 (94.1%) is restricted, mainly by ecclesiastical measures, and a further £2,767,000 has been designated for specific use by the Trustees.

Overall there was a net cash outflow for the year of £322,000 (2020: inflow £675,000). Total net current assets decreased by £259,000 to £1,541,000 with those relating to general funds decreasing by £275,000.

Going Concern

The Trustees are satisfied that Carlisle DBF has adequate resources to continue to operate as a going concern for the foreseeable future and have prepared the financial statements on that basis.

5.3.2. Reserves Policy

Due to the anticipated regularity and predictability of its Income and Costs, the Diocese policy has been to hold a level of free reserves equivalent to at least two months expenditure. The Trustees keep the position under review at their bi-monthly meetings and are currently confident that cash flows can be managed to ensure that sufficient free reserves are held to enable Carlisle DBF's normal commitments to be met.

5.3.3. Investment Policies

Carlisle DBF's power to invest its funds is governed by the Memorandum and Articles of Association. It exercises these powers having due regard to the provisions of the Trustee Act 2000 in so far as it applies to Carlisle DBF as a company.

CARLISLE DIOCESAN BOARD OF FINANCE LIMITED

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

Carlisle DBF's investment policies, which are reviewed annually, are based on two key principles:

Ethical investment – Carlisle DBF seeks to pursue an investment policy consistent with the values of the Christian religion. Thus, it adheres to the policy as developed by the Church Commissioners and CCLA Investment Management Ltd for their Central Board of Finance Church of England Funds.

Long-term responsibilities - Investment policy for long-term funds seeks to strike the right balance between providing an income to help the Diocese to carry out its purposes effectively in the short term and maintain and enhance the value of the invested funds so as to enable the Diocese effectively to continue to carry out its purposes in the long term. The glebe investments are held for the purpose of raising income to achieve the maximum contribution possible to clergy stipends on an ongoing basis. Unrestricted and restricted fund investments are invested to balance income, liquidity and the maintenance of capital.

Investments

Glebe property investments are held by Carlisle DBF in agricultural land, commercial and residential land and buildings. They are managed by the DBF's agents, Penrith Farmers' & Kidd's, Walton Goodland Ltd and Savills and account for 42% of the total glebe investments.

A further 54% of the glebe assets are invested through CCLA Investment Management Ltd in the CBF Church of England Funds or held on deposit. They are split between holdings in equities and property via common investment funds to spread risk, and deposits. The remaining 4% consists of shares in a hydroelectric scheme in South Cumbria.

The other DBF funds are also mainly invested in CBF Church of England deposit accounts, investment and property funds, with shares also being held in a hydro-electric scheme within the grounds of the Diocesan Residential Conference Centre and Retreat at Rydal Hall, South Lakes.

Other Funds

Funds which may be needed for working capital in the short term are held as deposits with the Central Board of Finance. The performance of all the DBF's investments is monitored regularly by the Trustees at their bi-monthly board meetings, and by the Investment Sub-Committee.

5.3.4. Remuneration Policy

The Board operates a set salary scale and employees are placed on this with regard to benchmarking against comparable roles in this and other dioceses and the external employment market. Cost of living increases are determined as part of the process of setting the budget which is approved by the Finance Committee and the Members. Remuneration of higher-paid employees is determined in consultation between the Chair of the Finance Committee, the Diocesan Secretary and the HR Manager.

5.4 Plans for Future Periods

The DBF's ongoing objective is to resource Diocesan needs, as determined by Synod and informed by local and national Church institutions and in particular to invest to meet the objectives set out in the Diocese's updated "God for All" Strategy.

CARLISLE DIOCESAN BOARD OF FINANCE LIMITED

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

Work to prepare a new Diocesan Development Plan for the period beyond 2021 has continued in the light of the financial resources now envisaged as being available, and this is being integrated into resource and budget planning for the period 2022-2027.

5.5 Principal Risks and Uncertainties

The Trustees confirm that the major risks, to which Carlisle DBF and its subsidiary companies are exposed are continually reviewed and that systems and procedures have been established to manage those risks. The principal risks and uncertainties which face Carlisle DBF relate to:

- the reliability and timing of the income it receives from local churches which is voluntary in nature, Parish Offer accounting for 59% of total charity general fund income;
- investment performance, particularly in respect of commercial property; and
- expenditure on clergy payroll if clergy numbers are above assumptions.
- the longer-term financial effects of Covid-19, and demography, upon core income streams

The principal risks are reviewed regularly by the Trustees and, where necessary, further information and data are gathered to enable a more detailed examination of the risks to be made and decisions taken on the basis of the probability and likely impact of the risks occurring.

A major review of the parish offer process to reflect the Diocesan vision and strategy from 2021, is continuing. We encourage good stewardship in the local church and the work of the Stewardship Enabler is seen as a key way in which the Diocese can support parishes and mission communities in raising income locally which, in turn, will empower them to identify the optimum affordable deployment of available trained ministry resource both lay and ordained.

Carlisle DBF provides its Trustees, officers and employees with Indemnity Insurance against any liabilities that might arise during the provision of services operated under the authority of the Diocesan Bishop and Synod.

6. Structure, Governance and Management

6.1 Organisational Structure

The Diocese of Carlisle was founded in 1133. It covers an area of 2,480 square miles and includes all of Cumbria, except for small areas in the east of the county which are included in the neighbouring Diocese of Newcastle. The overall population of the Diocese is around 500,000.

The Diocese is one of the 42 English dioceses of the Church of England which is organised as two provinces. The Diocese of Carlisle is part of the Northern Province led by the Archbishop of York. The Southern Province is led by the Archbishop of Canterbury.

The Diocese of Carlisle is led by the Diocesan Bishop, the Rt Revd James Newcome. It is arranged into three Archdeaconries; Carlisle covering the northern and eastern part with 4 deaneries, West Cumberland in the western part with 3 deaneries and Westmorland and Furness in the southern part with 4 deaneries. In total there are 237 parishes with 81 full-time equivalent stipendiary parochial clergy and 6 serving in house for duties posts. Together with 40 non-stipendiary ministers, 102 readers, 66 local lay ministers and many other retired clergy and lay members they provide ministry in 331 churches in the Diocese.

CARLISLE DIOCESAN BOARD OF FINANCE LIMITED

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

The Diocese is in Covenanted Partnership with three other denominations – Methodist, United Reformed Church and Salvation Army. With those denominations the Diocese is establishing ecumenical Mission Communities, groups of churches that collaborate over mission and share resources, increasingly including ministry and buildings. In the course of 2021, a number of church buildings were put forward for closure at the request of their local Parochial Church Councils.

6.2 Diocesan Governance

Diocesan Synod

The Diocese is governed by Standing Orders approved in 1969 and as subsequently amended. Its statutory governing body is the Diocesan Synod, which is an elected body with representation from all parts of the Diocese. Membership consists of Bishops and Archdeacons (*ex officio members*), clergy members *elected* by the Houses of Clergy in Deanery Synods, lay persons *elected* by the Houses of Laity in Deanery Synods, up to five persons who may be *co-opted* by each of the Houses of Clergy or Laity and a maximum of ten members *nominated* by the Diocesan Bishop. The Diocesan Synod normally meets three times a year. Its role is to:

- consider, and make decisions on, matters affecting the Church of England in the Diocese;
- act as a forum for debate of Christian opinion on matters of religious or public interest;
- advise the Bishop where requested;
- deal with matters referred by General Synod;
- provide for the financing of the Diocese by approving the Diocesan Budget.

Deanery Synods

Each deanery in the Diocese has its own Deanery Synod which has two houses, laity and clergy. Its role is to:

- respond to requests from General Synod;
- give effect to the decisions made by the Diocesan Synod;
- consider matters affecting the Church of England by drawing together the views of the parishes within the deanery;
- act as a channel of communication to express the views of parishes to Diocesan Synod and thence to General Synod;
- raise with Diocesan Synod such matters as it considers appropriate; and
- elect members of the deanery to the Diocesan Synod and of the Diocese to General Synod.

Bishop's Council and Standing Committee

Bishop's Council consists of 9 *ex officio* members, including the Diocesan and Suffragan Bishop and the three Archdeacons, three clergy elected by the House of Clergy from among their number and six lay persons elected by the members of the House of Laity. A maximum of three members may also be nominated by the Diocesan Bishop.

Under the constitution of the Diocesan Synod, Bishop's Council has the following functions:

- To plan the business of the Synod, to prepare the agenda for its sessions and to circulate to members information about matters for discussion (delegated to the Steering Committee);
- To initiate proposals for action by the Synod and to advise it on matters of policy;
- To advise the President of Synod on any matter;
- Subject to the directions of the Synod, to transact the business of the Synod when the Synod is not in session;
- Subject to the directions of the Synod, to appoint members of committees or nominate individuals for election to committees; and
- To carry out such functions as the Synod may delegate to it.

6.3 Carlisle Diocesan Board of Finance

The company, Carlisle Diocesan Board of Finance Ltd (Carlisle DBF), was formed to manage the financial affairs and hold the assets of the Diocese. It was incorporated on 22nd September 1893 as a charitable company limited by membership guarantees (No. 39625) and its governing documents are the Memorandum and Articles of Association. Carlisle DBF has been registered with the Charity Commission since 1st May 1967 (No. 251977). The Memorandum and Articles of Association have been altered by Special Resolutions the latest of which were passed on 15 June 2021, 1st May 2018 and 12th July 2006.

From 11th November 2006 every member of Diocesan Synod is a member of Carlisle DBF for company law purposes, unless they are excluded by reason of being appointed to any salaried office of the Company or any office of the Company paid by fees. Each member has a personal liability limited to £1 under their guarantee as company members in the event of its being wound up.

Trustees

From 1st January 2007 the Bishop of Carlisle and the three Archdeacons have served as ex-officio Directors of the Company. A further five Directors are elected by the members of Carlisle DBF and the Directors have power to co-opt up to another four Directors.

Mr Jim Johnson and Mrs Susan Wigley served as Chair and Vice Chair throughout the year.

All the Directors are also the Trustees and, when newly appointed, are given induction training. All Trustees are offered ongoing training, as appropriate.

Trustees' Responsibilities

The Trustees (who are also the Directors of Carlisle Diocesan Board of Finance Limited for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and the group and of the incoming resources and application of resources, including the income and expenditure of the charitable group, for that year. In preparing these financial statements the Trustees are required to:

- Select suitable accounting policies and apply them consistently;
- Observe the methods and principles in the Charities SORP;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The Trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the corporate and trust assets of the charitable company and group ensuring their proper application under charity law and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are also responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Committee Structure

There are a number of statutory Diocesan Synod committees that, although not sub-committees of Carlisle DBF, can influence its operations:

Carlisle Diocesan Board of Education has responsibility for 104 Church schools across the Diocese, provides pastoral and professional support to all its schools and has a particular commitment to enhancing the quality of provision for religious education, collective worship and the spiritual, moral, social, and cultural development of all pupils.

The **Parsonages Board** is responsible for determining policy concerning the management of parsonage houses in each benefice, including setting the policy for buying, repairing, maintaining and disposing of all parsonage houses, team vicarages and houses owned by Carlisle DBF. In the Diocese the Carlisle DBF is designated as the Diocesan Parsonages Board. A number of its functions are delegated to Archdeaconry Sub-Committees under the terms of a scheme passed by Diocesan Synod on 12th October 2013.

The **Diocesan Pastoral Committee** is responsible for the task of approving pastoral reorganisation, taking account of available clergy numbers and making use of new patterns of ministry. It also has responsibility for finding appropriate alternative uses for churches which have closed.

The **Diocesan Advisory Committee** advises on matters affecting churches and places of worship such as the granting of faculties, architecture, archaeology, art and the history of places of worship, the use and care of places of worship and their contents and the care of churchyards.

Carlisle Diocesan Board of Patronage is constituted under the provisions of the Patronage (Benefices) Measure 1986 and is sole patron or joint patron of a number of benefices.

6.5 Related Parties

General Synod

Carlisle DBF has to comply with Measures passed by the General Synod of the Church of England. General Synod is the legislative and deliberative body at national level, making decisions on matters of doctrine, the holding of church services and relations with other churches. General Synod passes measures which, if accepted by Parliament, have the effect of Acts of Parliament. It is made up of three groups or houses of members: the Houses of Bishops, of Clergy and of Laity, and meets in London or York at least twice annually to consider legislation for the broader good of the Church.

Archbishops' Council

The Archbishops' Council was established in 1999 to co-ordinate, promote, aid and further the mission of the Church of England. Its task is to give a clear sense of direction to the Church nationally and support the Church locally by acting as a policy discussion forum.

Carlisle DBF is required to make certain annual payments to the Archbishops' Council towards the running costs of the National Church according to a formula agreed by General Synod.

Church Commissioners

The Church Commissioners manage the historic assets of the Church of England, spending most of their income on pensions for the clergy. The costs of episcopal administration through the Diocesan and Suffragan Bishops are met by the Church Commissioners. The Church Commissioners also make grants to the Archbishops' Council for ministry in poorer dioceses and parishes.

Although Carlisle DBF is responsible for the funding of its clergy stipend costs, the national clergy payroll is administered by the Church Commissioners. Carlisle DBF reimburses the Church Commissioners monthly for the costs of stipendiary clergy deployed in the Diocese.

DIRECTORS' & TRUSTEES' ANNUAL REPORT (2021) continued

Church of England Pensions Board

The Church of England Pensions Board was established by the Church Assembly in 1926 as the Church of England's pensions' authority and to administer the pension scheme for the clergy. Subsequently it has been given wider powers, in respect of discretionary benefits and accommodation both for those retired from stipendiary ministry and for widows and widowers of those who have served in that ministry, and to administer pension schemes for lay employees of Church organisations.

The Pensions Board, which reports to the General Synod, is trustee of a number of pension funds and charitable funds. Whilst the Church has drawn together under the Pensions Board its central responsibilities for retirement welfare, the Pensions Board works in close cooperation both with the Archbishops' Council and with the Church Commissioners.

Carlisle DBF contributes monthly to the Pensions Board for both the clergy and the lay pension schemes.

The Cathedral

The Cathedral Church of the Holy and Undivided Trinity is the mother church of the Diocese of Carlisle and legally is constituted as a separate charity currently exempt from Charity Commission registration and supervision. Copies of its Trustees' report and financial statements may be obtained from the Cathedral Office, 7 The Abbey, Carlisle, CA3 8TZ.

Parishes and Parochial Church Councils (PCCs)

The PCC is the elected governing body of an individual parish which broadly is the smallest pastoral area in the Church of England. Each PCC is an independent charity and most are currently exempt from registration with the Charity Commission. However, under the terms of the Charities Act 2011 those PCCs whose gross income for the year is above £100,000 are required to register. PCCs are able to influence the decision-making within Carlisle DBF and at Diocesan Synod level through representations and input of their Deanery Synods.

The main income of Carlisle DBF is the contribution, by way of the parish offer, from the 228 parishes of the Diocese. From 2009 the parish offer system has been based on voluntary offers made by parishes towards the costs of ministry incurred throughout the whole of the Diocese of Carlisle.

Except where shown, the transactions of PCCs do not form part of these financial statements. Financial statements of an individual PCC can be obtained from the relevant PCC treasurer.

6.6 Subsidiary Undertakings

Rydal Hall Limited

Carlisle DBF is responsible for the operation of the Diocesan Conference Centre and Retreat House, Rydal Hall. This is achieved through Rydal Hall Limited, a wholly owned subsidiary charity of Carlisle DBF. The activities of the subsidiary are included in the consolidated financial statements.

Restore (Cumbria)

Restore (Cumbria) is a registered charity which operates a charity shop and resource network in North Cumbria, as part of the Diocese's Outreach initiatives. The DBF is the sole member of the charity.

6.7 Rydal Hydro Limited

Carlisle DBF owns 50% of the issued share capital of Rydal Hydro Limited, with Ellergreen Hydro Limited and Gilkes Hydro Limited the other 50%. The joint venture company has constructed a hydroelectricity generating plant within the grounds of Rydal Hall Limited providing a renewable source of electricity for Rydal Hall and the surrounding area as well as providing a significant return on the DBF's investment.

6.8 Other Connected Companies

Carlisle DBF together with four other dioceses from the North West of England and with York Diocese have equal shares in DBE Services Limited, a company formed to provide various services to schools. These include inspections, teaching and curriculum support, administrative services, building, equipment and construction support and insurance. DBE Services Limited has several employees with other staff employed by the participating dioceses who invoice the company for their time. The profits of DBE Services Limited are distributed to the shareholders by means of gift aid donations.

The six North West Dioceses are sponsors of Emmanuel College which welcomed its first intake of student trainees during the year. The Diocesan Board of Finance is a Corporate Member of the College.

7. Funds Held as Custodian Trustee for Others

Carlisle DBF is required by Measure to be custodian trustee in relation to PCC property. Carlisle DBF also holds funds on behalf of Church of England schools in the Diocese. All assets held as custodian trustee are kept independently from the Company's own assets and their details are recorded in a separate trust ledger. The assets are mainly invested through CCLA Investment Management Limited in their range of CBF Church of England Funds or on deposit with major UK clearing banks.

At 31 December 2021 the total value of these funds was £13,616,000.

8. Reference and Administrative Details of the Carlisle Diocesan Board of Finance

In accordance with the Companies Act 2006 and the Statement of Recommended Practice: Accounting and Reporting by Charities issued in 2015 (SORP 2015), the Directors (for the purposes of company law) and the Trustees (for the purposes of charity law) during the year and as at the date of signing follow:

Independent auditor's report to the members of Carlisle Diocesan Board of Finance Limited

Opinion

We have audited the financial statements of Carlisle Diocesan Board of Finance Limited] ('the charitable company') for the year ended 31 December 2021 which comprise Consolidated Statement of Financial Activities, Charity Statement of Financial Activities, Consolidated Summary Income and Expenditure Account, Consolidated Balance Sheet, Charity Balance Sheet, Consolidated Cash Flow Statement and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including *FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the group's and parent charitable company's affairs as at 31 December 2021 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and the provisions available for small entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least 12 months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, including the trustees' report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report, which includes the directors' report and the strategic report prepared for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report and the strategic report included within the trustees' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report included within the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate and proper accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the industry and sector, control environment and charitable company's performance;
- results of our enquiries of management about their own identification and assessment of the risks of irregularities;
- any matters we identified having obtained and reviewed the charitable company's documentation of their policies and procedures relating to:
 - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
 - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud;
 - the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations;
 - the matters discussed among the audit engagement team and involving relevant internal specialists, including pensions regarding how and where fraud might occur in the financial statements and any potential indicators of fraud.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organisation for fraud and identified the greatest potential for fraud to be in relation to revenue recognition and management override which, in common with all audits under ISAs (UK), we are required to perform specific procedures to respond to this risk.

We also obtained an understanding of the legal and regulatory framework that the charitable company operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the financial statements. The key laws and regulations we considered in this context included the UK Companies Act, Charities Act, pensions legislation and tax legislation.

As a result of performing the above, in response to the risks identified, we did not identify any key audit matters related to the potential risk of fraud or non-compliance with laws and regulations.

In addition to the above, our procedures to respond to risks identified included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- enquiring of management concerning actual and potential litigation and claims;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- reading minutes of meetings of those charged with governance, reviewing correspondence with HMRC; and
- in addressing the risk of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments; assessing whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities.

This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

1. ACCOUNTING POLICIES

The financial statements have been prepared under the historical cost convention, with the exception of freehold properties, which are included as determined under the applicable valuation method as detailed in c), and fixed asset investments, which are included at their market value at the balance sheet date. The financial statements have been prepared in accordance with the Statement of Recommended Practice for Charities (SORP 2019), the Companies Act 2006 and applicable accounting standards (FRS102).

The principal accounting policies and estimation techniques are as follows:

a) Consolidation

Consolidated financial statements have been prepared on a line by line basis in accordance with FRS102. The consolidated financial statements incorporate the accounts of:

- Parent, The Carlisle Diocesan Board of Finance Limited (Carlisle DBF); and
- The wholly owned subsidiary company, Rydal Hall Limited; and
- The wholly owned subsidiary company, Cumbria Christian Learning
- The wholly owned subsidiary company, Restore (Cumbria)

b) Income

All income is included in the Statement of Financial Activities (SOFA) when the DBF is legally entitled to it as income or capital respectively, ultimate receipt is probable and the amount to be recognised can be quantified with reasonable accuracy.

- i) **Parish Offer and parochial fees** are recognised as income of the year in which they are received or within one month after the financial year end to which they relate.
- ii) **Rent** receivable is recognised as income in the period with respect to which it relates.
- iii) **Interest and dividends** are recognised as income when receivable.
- iv) **Grants** received which are subject to pre-conditions for entitlement specified by the donor which have not been met at the year-end are included in creditors to be carried forward to the following year.
- v) **Donations** other than grants are recognised when receivable.
- vi) **Gains on disposal of fixed assets for the DBF's own use** (i.e. non-investment assets) are accounted for as other income. Losses on disposal of such assets are accounted for as other expenditure.

1. ACCOUNTING POLICIES (continued)

vii) **Stipends fund income.** The Stipends Fund Capital account is governed by the Diocesan Stipends' Fund Measure 1953, as amended, and the use of the income is restricted for clergy stipends. However, the income is fully expended within the year of receipt and the legal restrictions, therefore, are satisfied. It is on this basis that the income and the (normally much larger) related expenditure are both included in the unrestricted column of the Statement of Financial Activities for the sake of greater clarity and simplicity in financial reporting.

viii) **Government Grants.** Grants for the purpose of giving immediate financial support with no future related costs to be incurred are recognised in the profit and loss account when the grant proceeds become receivable. Other grants relating to revenue are recognised in the profit and loss account on a systematic basis over the periods in which the related costs are recognised for which the grant is intended to compensate.

c) **Expenditure**

Expenditure is included on the accruals basis and has been classified under headings that aggregate all costs related to the Statement of Financial Activity category.

- i) **Costs of raising funds** include investment management costs of glebe and any other investment properties and interest costs on defined benefit pension scheme liabilities.
- ii) **Charitable expenditure** is analysed between contributions to the Archbishops' Council, expenditure on resourcing mission and ministry in the parishes of the diocese, expenditure relating to the running of the diocesan retreat centre, and expenditure on education and Church of England schools in the diocese.
- iii) **Grants payable** are charged in the year when the offer is conveyed to the recipient except in those cases where the offer is conditional on the recipient satisfying performance or other discretionary requirements to the satisfaction of the DBF, such grants being recognised as expenditure when the conditions attaching are fulfilled. Grants offered subject to such conditions which have not been met at the year-end are noted as a commitment, but not accrued as expenditure.
- iv) **Support costs** consist of central management, administration and governance costs. Costs are allocated wherever possible directly to the activity to which they relate, but where such direct allocation is not possible, the remainder is allocated on an approximate staff time basis.
- v) **Pension contributions.** The DBF's staff are members of the Church Workers Pension Fund and Clergy are members of the Church of England Funded Pensions Scheme (see note 32). The pension costs charged as resources expended represent the DBF's contributions payable in respect of the accounting period, in accordance with FRS102. Deficit funding for the pension schemes to which DBF participates is accrued at current value in creditors distinguished between contributions falling due within one year and after more than one year.

1. ACCOUNTING POLICIES (continued)

d) Tangible fixed assets and depreciation

Freehold properties

Depreciation is not provided on buildings as any provision (annual or cumulative) would not be material due to the very long expected remaining useful economic life in each case, and because their expected residual value is not materially less than their carrying value. The DBF has a policy of regular structural inspection, repair and maintenance, which in the case of residential properties is in accordance with the Repair of Benefices Buildings Measure 1972 and properties are therefore unlikely to deteriorate or suffer from obsolescence. In addition, disposals of properties occur well before the end of their economic lives and disposal proceeds are usually not less than their carrying value. The Trustees perform annual impairment reviews in accordance with the requirements of FRS102 to ensure that the carrying value is not more than the recoverable amount.

Investment properties

Glebe properties which are held for investment purposes and rented out have been included at their fair value.

Parsonage houses

The DBF has followed the requirements of FRS102 in its accounting treatment for benefice houses (parsonages). FRS102 requires the accounting treatment to follow the substance of arrangements rather than their strict legal form. The DBF is formally responsible for the maintenance and repair of such properties and has some jurisdiction over their future use or potential sale if not required as a benefice house, but in the meantime legal title and the right to beneficial occupation is vested in the incumbent. The Trustees therefore consider the most suitable accounting policy is to capitalise such properties as expendable endowment assets and to carry them at their deemed cost at a fair valuation at 1 January 2014.

e) Other tangible fixed assets

All capital expenditure over £1,000 is capitalised and depreciated. Depreciation is provided in order to write off the cost (less any expected ultimate disposal proceeds at prices ruling at the time of the asset's acquisition) of other fixed assets over their currently expected useful economic lives at the following initial rates:-

DBF furniture, fittings, equipment and computers	10% to 20% per annum on a straight line basis;
Rydal Hall furniture, fittings, equipment and plant	10-25% per annum on a straight line basis.

1. ACCOUNTING POLICIES (continued)

f) Other accounting policies

- i) **Fixed asset investments** are included in the balance sheet at market value and the gain or loss taken to the Statement of Financial Activities. Jointly controlled entities are valued at fair value using the net assets of the entity and the share held.
- ii) **Leases.** The DBF has entered into operating lease arrangements for the use of certain assets, the rental for which is charged in full as expenditure in the year to which it relates. Where rent free periods are given as part of an operating lease, the impact of this rent free period is reflected in the Statement of Financial Activities over the shorter of the overall lease term or the period to the first break clause.

g) Fund balances

Fund Balances are split between unrestricted (general and designated), restricted and endowment funds.

- **Unrestricted funds** are the DBF's corporate funds and are freely available for any purpose within the charitable company's objects, at the discretion of the DBF. There are two types of unrestricted funds:
 - **General funds** which the DBF intends to use for the general purposes of the DBF; and
 - **Designated funds** set aside out of unrestricted funds by the DBF for a purpose specified by the Trustees.
- **Restricted funds** are funds subject to conditions imposed by the donor as specific terms of trust, or else by legal measure.
- **Endowment funds** are those held on trust to be retained for the benefit of the charitable company as a capital fund. In the case of the endowment funds administered by the DBF (Parsonage Houses Fund and Retired Clergy and Dependants Fund), there are discretionary powers to convert capital into income and, as a result, these funds are classified as expendable endowment. Endowment funds where there is no provision for expenditure of capital are classified as permanent endowment.

"Special trusts" (as defined by the Charities Act 2011) and any other trusts where the company acts as trustee and controls the management and use of the funds, are included in the company's own financial statements as charity branches. Trusts where the DBF acts merely as custodian trustee with no control over the management of the funds are not included in the financial statements but are summarised in the notes to the financial statements.

1. ACCOUNTING POLICIES (continued)

h) Going Concern

The charity has considered whether the use of the going concern basis for accounting is appropriate. To do this, they have considered whether there are any material uncertainties as to the Charity's ability to continue as a going concern.

Following the COVID-19 pandemic, the trustees have continued to prepare detailed budgets based on actual experience and taking into account the remaining uncertainties surrounding the ongoing and longer-term impact of the pandemic and its effect on their ability to operate. As a result of this work, the trustees remain confident that there are financial resources available while operations settle into their new levels, and are satisfied that there are no material uncertainties about the charity's ability to continue as a going concern.

£1 million was borrowed from the Central Board of Finance Deposit Fund Diocesan Loan Scheme in 2014 in order to finance the investment in Rydal Hydro Limited. It is repayable in equal annual instalments of £100,000 over ten years with interest charged at 0.55% above the CBF Deposit Fund rate (currently 0.65%).

The loan from the Cumberland Building Society (note 28 & 29) is held on behalf of parishes. The loan is a rolling facility with up to £500,000 available. Interest is charged at 1.99% below the Society's commercial variable base rate. The loan is secured on Rydal Hall and is due for renewal in December 2023.

The maturity of the loans is analysed as follows:

The Diocesan Growth Fund was created from a legacy from the late Miss A F Hope. It has been supplemented from the Mission Development grants from the Church Commissioners and transfers from General Funds. The Fund is used to support the establishment of youth congregations and help parishes and deaneries initiate new work designed to achieve church growth.

The Rydal Hall Fund represents the balance of Carlisle DBF's investment in the subsidiary company, Rydal Hall Limited, plus an amount of £300,000 added in 2020 and paid out in 2021 designated to support Rydal Hall following losses incurred during the Coronavirus pandemic.

The Restore (Cumbria) Fund (previously known as OpShops) represents the investment in the network of local shops through which this subsidiary charity, and local churches, provide community support and outreach for the local communities.

The Sustainability Fund was created to build a fund towards the expenditure likely to be required in future years to fund changes to bring about more sustainable models of mission and ministry across the Diocese.

The Barchester Fund comprises closed schools and school houses and their sale proceeds. These are held by the DBF and administered by the Diocesan Board of Education to support religious education and the work of Church schools in the Diocese. School Funds, of which Carlisle DBF is Custodian Trustee, are not included within the Barchester Fund as the DBF receives no benefit from these funds.

The Stipends Income Fund is governed by the Diocesan Stipends Measure 1953, as subsequently amended, and is used to augment the clergy stipends. Its income comes from glebe and other Stipends Capital Account investments, assigned fees and the Church Commissioners. The income is included in the DBF's General Funds in accordance with the stated accounting policy where it contributes towards the total cost of stipends which are paid from General Funds.

The Diocesan Pastoral Account receives the sale proceeds of Churches and Parsonages which have become redundant under pastoral reorganisation. Its uses are governed by Section 78 of the Pastoral Measure 1983, and include grants and loans for Parsonage and Church provision, restoration, improvement or repair and other purposes of the Diocese or any benefice or parish. The reserves are represented by investments with the Central Board of Finance and by loans to parishes. These assets are included under the appropriate headings in the DBF's Balance Sheet.

The Diocesan Houses Fund consists of those properties in the legal ownership of Carlisle DBF (as distinct from benefice houses) other than investment properties. The purchase of such properties is funded primarily from the Pastoral Account.

The Parish Property Fund (formerly Diocesan Loan Fund) is used to provide loans and grants to parishes for improvements and repairs to churches and other parish property.

The Permanent Endowment Funds are held where the DBF has no power to convert the capital into income. The capital is invested and the income used for the purposes as indicated.

The Diocesan Stipends Fund Capital Account is governed by Section 35 of the Endowments and Glebe Measure 1976. It consists of investments with the Central Board of Finance and glebe properties and is held to produce income for clergy stipends. These assets are included under the appropriate headings in the DBF's Balance Sheet.

The Parsonages Houses Fund represents those houses which are benefice property, vested in the incumbents. Carlisle DBF nevertheless has financial responsibility for parsonages and they have been included in the Balance Sheet valued at deemed cost based on valuations at 31 December 2013.

The Retired Clergy and Dependants Fund provides for the relief of poverty by assisting retired clergy, licensed lay workers or deserted spouses of clergy who reside or served in the Diocese and their dependants.

32. PENSIONS

The DBF participates in two pension schemes administered by the Church of England Pensions Board, which holds the assets of the schemes separately from those of the DBF and the other participating employers. One of these is the **Church of England Funded Pensions Scheme** for stipendiary clergy. The other is the **Church Workers Pension Fund**. The Church Workers Pension Fund has a section known as the Defined Benefits Scheme, a deferred annuity section known as Pension Builder Classic and a cash balance section known as Pension Builder 2014.

These schemes are multi-employer last man standing defined benefit pension schemes for which the DBF is unable to identify its share of the underlying assets and liabilities as each employer is exposed to actuarial risks associated with the current and former employees of other entities participating in the scheme. For multi-employer schemes where this is the case, paragraph 28.11 of FRS102 requires the DBF to account for pension costs on the basis of contributions actually payable to the scheme in the year and, where contributions are affected by a surplus or deficit in the scheme, to disclose information about the surplus or deficit and the implications of the surplus or deficit for the DBF. A valuation of each scheme is carried out once every three years.

Church of England Funded Pension Scheme

With effect from 1 January 1998, diocesan clergy became members of the Church of England Funded Pensions Scheme. This defined benefit scheme provides benefits based on the National Minimum Stipend in the year before their date of retirement and provides for that part of the benefit that relates to pensionable service after 1 January 1998. Benefits are currently being accrued on the basis of half of the National Minimum Stipend (NMS) being paid as the normal pension on reaching the age of 68 on completion of maximum service of 41.5 years, or 1.25 times this amount for archdeacons, plus a lump sum of three times the pension based on the previous year's NMS payable from the scheme. Pensions in respect of pensionable service before 1 January 1998 will be provided for by the Church Commissioners under the previous arrangements.

At the end of the year the DBF was paying contributions for 87 members of the scheme out of a total membership of approximately 8,500 active members. Each participating employer in the scheme pays contributions at a common contribution rate applied to the previous year's National Minimum Stipend. As this is a multi-employer scheme and it is not possible to attribute the scheme's assets and liabilities to specific employers, the scheme pension costs are accounted for as if the scheme were a defined contribution scheme and the pension cost charged to the Statement of Financial Activities is the contributions payable for the year towards benefits earned in that year plus the impact of any deficit contributions (see below).

The most recent scheme valuation completed was carried out at as 31 December 2018. The 2018 valuation revealed a deficit of £50 million, based on assets of £1,818 million and a funding target of £1,868 million, assessed using the following assumptions:

- An average discount rate of 3.2% p.a;
- RPI inflation of 3.4% p.a. (and pension increases consistent with this);
- Increase in pensionable stipends of 3.4% p.a.;
- Mortality in accordance with 95% of the S3NA_VL tables, with allowance for improvements in mortality rates in line with the CMI2018 extended model with a long term annual rate of improvement of 1.5%, a smoothing parameter of 7 and an initial addition to mortality improvements of 0.5% p.a.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Following the valuation of the scheme as at 31 December 2018, the contribution rate from 1 January 2021 is 39.9% of pensionable stipends (i.e. the previous year's NMS), of which 32.8% relates to providing the benefit in relation to ongoing pensionable service, including 1.2% for the day-to-day expenses of running the scheme, and 7.1% relates to recovery of the deficit over the two years to 31 December 2022. This means that payments by the DBF relating to the deficit based on active members and pensionable stipends as at 31 December 2021, would be £160,000 in 2021 and £148,000 in 2022. The discounted deficit payments of £0.148 million over the next 3 years in respect of the shortfall have been recognised as a liability in the balance sheet.

A reconciliation of the balance sheet liability is set out below:

	2021 £'000	2020 £'000
Balance sheet liability as at 1 January	342	592
Deficit contribution paid	(160)	(278)
Interest cost (recognised in the SOFA)	1	5
Re-measurement of the balance sheet liability	(35)	23
	<hr/>	<hr/>
Balance sheet liability as at 31 December	148	342
	<hr/> <hr/>	<hr/> <hr/>

This liability represents the present value of the deficit contributions agreed as at the accounting date and has been valued using the following assumptions set by reference to the duration of the deficit recovery payments:

	December 2021	December 2020	December 2019
Discount Rate	0.0% pa	0.2% pa	1.1% pa
Price Inflation	n/a	3.1% pa	2.8% pa
Increase to total pensionable salary	-1.5% pa	1.6% pa	1.3% pa

Church Workers Pension Fund – Defined Benefits Scheme

The Defined Benefits Scheme ("DBS") section of the Church Workers Pension Fund provides benefits for lay staff based on final pensionable salaries. At 31 December 2021, the DBF had 2 active members, 12 deferred and 37 pensioner members in the scheme.

It is not possible to attribute the scheme's assets and liabilities to specific employers, since each employer, through the Life Risk Pool, is exposed to actuarial risks associated with the current and former employees of other entities participating in the DBS. In such cases FRS102 requires the scheme pension costs to be accounted for as if the scheme were a defined contribution scheme and the pension cost charged to the Statement of Financial Activities is the contributions payable for the year towards benefits earned in that year (£47,000 over 2021 compared to £44,000 over 2020) plus the impact of any deficit contributions (see below).

For funding purposes, the DBS is divided into sub-pools in respect of each participating employer as well as a further sub-pool, known as the Life Risk Pool. The Life Risk Pool exists to share certain risks between employers, including those relating to mortality and post-retirement investment returns.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

The division of the DBS into sub-pools is notional and is for the purpose of calculating ongoing contributions. They do not alter the fact that the assets of the DBS are held as a single trust fund out of which all the benefits are to be provided. From time to time, a notional premium is transferred from employers' sub-pools to the Life Risk Pool and all pensions and death benefits are paid from the Life Risk Pool. If, following an actuarial valuation of the Life Risk Pool, there is a surplus or deficit in the pool and the Actuary so recommends, further transfers may be made from the Life Risk Pool to the employers' sub-pools, or vice versa. The amounts to be transferred (and their allocation between the sub-pools) will be settled by the Church of England Pensions Board on the advice of the Actuary.

A valuation of the DBS is carried out once every three years, the most recent having been carried out as at 31 December 2019. In this valuation, the Life Risk Section was shown to be in deficit by £7.7m and £7.7m was notionally transferred from the employers' sub-pools to the Life Risk Pool. This increased the employer contributions that would otherwise have been payable. The overall deficit in the DBS was £11.3m.

Following the valuation, the DBF has entered into an agreement with the Church Workers Pension Fund to a contribution rate from 47.7% of pensionable salaries and expenses of £5,800 per year.
