

Some Useful Reading...

There are LOADS of books available about Creation, climate change and the environment. These are a few recommendations. Some are liturgical, some will help you understand climate science and some are just general interest– but hopefully they all help sparks ideas to support your church’s Eco Church work!

Mike Berners-Lee– How Bad Are Bananas

Ruth Valerio– Saying Yes To Life

Isabella Tree– Wilding

Gideon Heugh– Devastating Beauty

Pope Francis– Laudato Si

Nicholas Holtam– Sleepers Wake (Advent book)

Rachel Summers– Wild Lent

Dave Bookless– Planetwise

Katharine Hayhoe– Saving Us

Chris Polhill– A Heart For Creation

Dave Goulson– Silent Earth

Michael S. Northcott– A Moral Climate

Annie Heppenstall– The Healer’s Tree

If you have any recommendations feel free to email environment@carlisle-diocese.org.uk so they can be added to the list.
